

Valeria BUSONI

Born in Italy, Valeria graduated in Veterinary Medicine in Italy. After a few months in the UK, she moved to France to train at the Veterinary School of Alfort. There she entered a residency in diagnostic imaging and obtained the ECVDI Diploma. Now Valeria works as senior radiologist at the Veterinary Faculty of Liège (Belgium) where she is in charge of the diagnostic imaging service, ECVDI Residency Programme Director and Associate Professor in imaging. She also holds a short training in mindfulness and communication for students. Her main interests are ultrasonography (in large and small animals) and teaching/learning radiology.
